

# JobMate — 150 Job Opportunities

## 1. Software Engineer - Fresher

**Job ID:** JOB1001

**Job Category:** Software Engineering

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** We are looking for a motivated Software Engineer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 1

**Application Deadline:** 2026-10-14

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 2. Frontend Developer - Fresher

**Job ID:** JOB1002

**Job Category:** Frontend Development

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** Join our engineering team as a Frontend Developer - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js

**Experience Level:** Fresher

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 2

**Application Deadline:** 2026-10-15

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

### 3. Backend Developer - Fresher

**Job ID:** JOB1003

**Job Category:** Backend Development

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** We are hiring a Backend Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API

**Experience Level:** Fresher

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 3

**Application Deadline:** 2026-10-16

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 4. Full Stack Developer - Fresher

**Job ID:** JOB1004

**Job Category:** Full Stack Development

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript, REST API

**Experience Level:** Fresher

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Pune, Maharashtra

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 4

**Application Deadline:** 2026-10-17

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 5. Data Scientist - Fresher

**Job ID:** JOB1005

**Job Category:** Data Science & AI

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** We are looking for a motivated Data Scientist - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas

**Experience Level:** Fresher

**Education Requirement:** MCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Mumbai, Maharashtra

**Job Type:** Internship

**Work Mode:** Hybrid

**Number of Vacancies:** 5

**Application Deadline:** 2026-10-18

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 6. DevOps Engineer - Fresher

**Job ID:** JOB1006

**Job Category:** DevOps & Cloud

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** Join our engineering team as a DevOps Engineer - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:**

- Maintain CI/CD pipelines
- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:**

- Linux fundamentals
- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux

**Experience Level:** Fresher

**Education Requirement:** Bachelor's Degree

**Salary Display:**  8 -  12 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 6

**Application Deadline:** 2026-10-19

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 7. Android Developer - Fresher

**Job ID:** JOB1007

**Job Category:** Mobile App Development

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** We are hiring a Android Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■10 - ■15 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 7

**Application Deadline:** 2026-10-20

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 8. UI/UX Designer - Fresher

**Job ID:** JOB1008

**Job Category:** UI/UX Design

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems, Adobe XD

**Experience Level:** Fresher

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Gurugram, Haryana

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 8

**Application Deadline:** 2026-10-21

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 9. QA Engineer - Fresher

**Job ID:** JOB1009

**Job Category:** Quality Assurance & Testing

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** We are looking for a motivated QA Engineer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman

**Experience Level:** Fresher

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 1

**Application Deadline:** 2026-10-22

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 10. Java Developer - Fresher

**Job ID:** JOB1010

**Job Category:** Software Engineering

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** Join our engineering team as a Java Developer - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git

**Experience Level:** Fresher

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Madurai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 2

**Application Deadline:** 2026-10-23

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 11. React Developer - Fresher

**Job ID:** JOB1011

**Job Category:** Frontend Development

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** We are hiring a React Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript

**Experience Level:** Fresher

**Education Requirement:** MCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 3

**Application Deadline:** 2026-10-24

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 12. Node.js Developer - Fresher

**Job ID:** JOB1012

**Job Category:** Backend Development

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API, MongoDB

**Experience Level:** Fresher

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■3 - ■5 LPA

**Location:** Delhi, India

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 4

**Application Deadline:** 2026-10-25

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 13. MERN Stack Developer - Fresher

**Job ID:** JOB1013

**Job Category:** Full Stack Development

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** We are looking for a motivated MERN Stack Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■4 - ■7 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 5

**Application Deadline:** 2026-10-26

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 14. Machine Learning Engineer - Fresher

**Job ID:** JOB1014

**Job Category:** Data Science & AI

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** Join our engineering team as a Machine Learning Engineer - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:**

- Analyze datasets and identify patterns

- Build and evaluate machine learning models

- Prepare data pipelines

- Communicate insights to stakeholders

**Candidate Requirements:**

- Strong Python fundamentals

- Basic statistics knowledge

- Understanding of data analysis

- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy

**Experience Level:** Fresher

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Jaipur, Rajasthan

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 6

**Application Deadline:** 2026-10-27

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 15. Cloud Engineer - Fresher

**Job ID:** JOB1015

**Job Category:** DevOps & Cloud

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** We are hiring a Cloud Engineer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD

**Experience Level:** Fresher

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Remote - India

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 7

**Application Deadline:** 2026-10-28

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 16. iOS Developer - Fresher

**Job ID:** JOB1016

**Job Category:** Mobile App Development

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:**

- Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:**

- Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native, Firebase

**Experience Level:** Fresher

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 8

**Application Deadline:** 2026-10-29

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 17. Product Designer - Fresher

**Job ID:** JOB1017

**Job Category:** UI/UX Design

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** We are looking for a motivated Product Designer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping

**Experience Level:** Fresher

**Education Requirement:** MCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Internship

**Work Mode:** Hybrid

**Number of Vacancies:** 1

**Application Deadline:** 2026-10-30

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 18. Software Tester - Fresher

**Job ID:** JOB1018

**Job Category:** Quality Assurance & Testing

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** Join our engineering team as a Software Tester - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing

**Experience Level:** Fresher

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■12 - ■18 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 2

**Application Deadline:** 2026-10-31

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 19. Python Developer - Fresher

**Job ID:** JOB1019

**Job Category:** Software Engineering

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** We are hiring a Python Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Pune, Maharashtra

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-01

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 20. Angular Developer - Fresher

**Job ID:** JOB1020

**Job Category:** Frontend Development

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript, Git

**Experience Level:** Fresher

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Mumbai, Maharashtra

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 4

**Application Deadline:** 2026-11-02

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 21. API Developer - Fresher

**Job ID:** JOB1021

**Job Category:** Backend Development

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** We are looking for a motivated API Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:**

- Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:**

- Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python

**Experience Level:** Fresher

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 5

**Application Deadline:** 2026-11-03

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 22. MEAN Stack Developer - Fresher

**Job ID:** JOB1022

**Job Category:** Full Stack Development

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** Join our engineering team as a MEAN Stack Developer - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB

**Experience Level:** Fresher

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-04

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 23. AI Engineer - Fresher

**Job ID:** JOB1023

**Job Category:** Data Science & AI

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** We are hiring a AI Engineer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:**

- Analyze datasets and identify patterns

- Build and evaluate machine learning models

- Prepare data pipelines

- Communicate insights to stakeholders

**Candidate Requirements:**

- Strong Python fundamentals

- Basic statistics knowledge

- Understanding of data analysis

- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL

**Experience Level:** Fresher

**Education Requirement:** MCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Gurugram, Haryana

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-05

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 24. AWS Engineer - Fresher

**Job ID:** JOB1024

**Job Category:** DevOps & Cloud

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:**

- Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:**

- Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD, Terraform

**Experience Level:** Fresher

**Education Requirement:** Bachelor's Degree

**Salary Display:**  5 - 8 LPA

**Location:** Kochi, Kerala

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-06

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 25. Flutter Developer - Fresher

**Job ID:** JOB1025

**Job Category:** Mobile App Development

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** We are looking for a motivated Flutter Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■6 - ■10 LPA

**Location:** Madurai, Tamil Nadu

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 1

**Application Deadline:** 2026-11-07

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 26. UX Designer - Fresher

**Job ID:** JOB1026

**Job Category:** UI/UX Design

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** Join our engineering team as a UX Designer - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research

**Experience Level:** Fresher

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 2

**Application Deadline:** 2026-11-08

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 27. Automation Test Engineer - Fresher

**Job ID:** JOB1027

**Job Category:** Quality Assurance & Testing

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** We are hiring a Automation Test Engineer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter

**Experience Level:** Fresher

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Delhi, India

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-09

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 28. Software Developer - Fresher

**Job ID:** JOB1028

**Job Category:** Software Engineering

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API, SQL

**Experience Level:** Fresher

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 4

**Application Deadline:** 2026-11-10

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 29. UI Developer - Fresher

**Job ID:** JOB1029

**Job Category:** Frontend Development

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** We are looking for a motivated UI Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript

**Experience Level:** Fresher

**Education Requirement:** MCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Jaipur, Rajasthan

**Job Type:** Internship

**Work Mode:** Hybrid

**Number of Vacancies:** 5

**Application Deadline:** 2026-11-11

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 30. Java Backend Engineer - Fresher

**Job ID:** JOB1030

**Job Category:** Backend Development

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** Join our engineering team as a Java Backend Engineer - Fresher and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java

**Experience Level:** Fresher

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Remote - India

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-12

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 31. Full Stack Engineer - Fresher

**Job ID:** JOB1031

**Job Category:** Full Stack Development

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** We are hiring a Full Stack Engineer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-13

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 32. Data Analyst

**Job ID:** JOB1032

**Job Category:** Data Science & AI

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL, TensorFlow

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-14

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 33. Azure Cloud Engineer

**Job ID:** JOB1033

**Job Category:** DevOps & Cloud

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** We are looking for a motivated Azure Cloud Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 1

**Application Deadline:** 2026-11-15

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 34. React Native Developer

**Job ID:** JOB1034

**Job Category:** Mobile App Development

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** Join our engineering team as a React Native Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Pune, Maharashtra

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 2

**Application Deadline:** 2026-11-16

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 35. Visual Designer

**Job ID:** JOB1035

**Job Category:** UI/UX Design

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** We are hiring a Visual Designer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Mumbai, Maharashtra

**Job Type:** Freelance

**Work Mode:** Hybrid

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-17

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 36. QA Analyst

**Job ID:** JOB1036

**Job Category:** Quality Assurance & Testing

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter, Java

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ₹8 - ₹12 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 4

**Application Deadline:** 2026-11-18

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 37. Backend Engineer - Fresher

**Job ID:** JOB1037

**Job Category:** Software Engineering

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** We are looking for a motivated Backend Engineer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■10 - ■15 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 5

**Application Deadline:** 2026-11-19

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 38. Web Developer

**Job ID:** JOB1038

**Job Category:** Frontend Development

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** Join our engineering team as a Web Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Gurugram, Haryana

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-20

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 39. Python Backend Engineer

**Job ID:** JOB1039

**Job Category:** Backend Development

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** We are hiring a Python Backend Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-21

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 40. Web Application Developer

**Job ID:** JOB1040

**Job Category:** Full Stack Development

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript, REST API

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Madurai, Tamil Nadu

**Job Type:** Freelance

**Work Mode:** On-site

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-22

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 41. Generative AI Engineer

**Job ID:** JOB1041

**Job Category:** Data Science & AI

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** We are looking for a motivated Generative AI Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 1

**Application Deadline:** 2026-11-23

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 42. Site Reliability Engineer

**Job ID:** JOB1042

**Job Category:** DevOps & Cloud

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** Join our engineering team as a Site Reliability Engineer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:**

- Maintain CI/CD pipelines
- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:**

- Linux fundamentals
- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■3 - ■5 LPA

**Location:** Delhi, India

**Job Type:** Part-time

**Work Mode:** Remote

**Number of Vacancies:** 2

**Application Deadline:** 2026-11-24

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 43. Mobile App Developer - Fresher

**Job ID:** JOB1043

**Job Category:** Mobile App Development

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** We are hiring a Mobile App Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■4 - ■7 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-25

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 44. Interaction Designer

**Job ID:** JOB1044

**Job Category:** UI/UX Design

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems, Adobe XD

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Jaipur, Rajasthan

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 4

**Application Deadline:** 2026-11-26

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 45. SDET

**Job ID:** JOB1045

**Job Category:** Quality Assurance & Testing

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** We are looking for a motivated SDET to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Remote - India

**Job Type:** Freelance

**Work Mode:** Remote

**Number of Vacancies:** 5

**Application Deadline:** 2026-11-27

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 46. Software Engineer

**Job ID:** JOB1046

**Job Category:** Software Engineering

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** Join our engineering team as a Software Engineer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-28

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 47. Frontend Developer

**Job ID:** JOB1047

**Job Category:** Frontend Development

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** We are hiring a Frontend Developer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:**

- Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:**

- Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Part-time

**Work Mode:** Hybrid

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-29

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 48. Backend Developer

**Job ID:** JOB1048

**Job Category:** Backend Development

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API, MongoDB

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■12 - ■18 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-30

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 49. Full Stack Developer - Fresher

**Job ID:** JOB1049

**Job Category:** Full Stack Development

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** We are looking for a motivated Full Stack Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Pune, Maharashtra

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 1

**Application Deadline:** 2026-12-01

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 50. Data Scientist

**Job ID:** JOB1050

**Job Category:** Data Science & AI

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** Join our engineering team as a Data Scientist and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Mumbai, Maharashtra

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 2

**Application Deadline:** 2026-12-02

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 51. DevOps Engineer

**Job ID:** JOB1051

**Job Category:** DevOps & Cloud

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** We are hiring a DevOps Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 3

**Application Deadline:** 2026-12-03

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 52. Android Developer

**Job ID:** JOB1052

**Job Category:** Mobile App Development

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:**

- Build and maintain mobile applications
- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:**

- Mobile development fundamentals
- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native, Firebase

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ₹3 - ₹5 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Part-time

**Work Mode:** On-site

**Number of Vacancies:** 4

**Application Deadline:** 2026-12-04

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 53. UI/UX Designer

**Job ID:** JOB1053

**Job Category:** UI/UX Design

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** We are looking for a motivated UI/UX Designer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Gurugram, Haryana

**Job Type:** Contract

**Work Mode:** Hybrid

**Number of Vacancies:** 5

**Application Deadline:** 2026-12-05

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 54. QA Engineer

**Job ID:** JOB1054

**Job Category:** Quality Assurance & Testing

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** Join our engineering team as a QA Engineer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■5 - ■8 LPA

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 6

**Application Deadline:** 2026-12-06

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 55. Java Developer - Fresher

**Job ID:** JOB1055

**Job Category:** Software Engineering

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** We are hiring a Java Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■6 - ■10 LPA

**Location:** Madurai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 7

**Application Deadline:** 2026-12-07

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 56. React Developer

**Job ID:** JOB1056

**Job Category:** Frontend Development

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript, Git

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 8

**Application Deadline:** 2026-12-08

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 57. Node.js Developer

**Job ID:** JOB1057

**Job Category:** Backend Development

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** We are looking for a motivated Node.js Developer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Delhi, India

**Job Type:** Part-time

**Work Mode:** Remote

**Number of Vacancies:** 1

**Application Deadline:** 2026-12-09

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 58. MERN Stack Developer

**Job ID:** JOB1058

**Job Category:** Full Stack Development

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** Join our engineering team as a MERN Stack Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Contract

**Work Mode:** On-site

**Number of Vacancies:** 2

**Application Deadline:** 2026-12-10

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

# 59. Machine Learning Engineer

**Job ID:** JOB1059

**Job Category:** Data Science & AI

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** We are hiring a Machine Learning Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Jaipur, Rajasthan

**Job Type:** Internship

**Work Mode:** Hybrid

**Number of Vacancies:** 3

**Application Deadline:** 2026-12-11

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 60. Cloud Engineer

**Job ID:** JOB1060

**Job Category:** DevOps & Cloud

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD, Terraform

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Remote - India

**Job Type:** Freelance

**Work Mode:** Remote

**Number of Vacancies:** 4

**Application Deadline:** 2026-12-12

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 61. iOS Developer - Fresher

**Job ID:** JOB1061

**Job Category:** Mobile App Development

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** We are looking for a motivated iOS Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 5

**Application Deadline:** 2026-12-13

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 62. Product Designer

**Job ID:** JOB1062

**Job Category:** UI/UX Design

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** Join our engineering team as a Product Designer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 6

**Application Deadline:** 2026-12-14

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 63. Software Tester

**Job ID:** JOB1063

**Job Category:** Quality Assurance & Testing

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** We are hiring a Software Tester to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 7

**Application Deadline:** 2026-12-15

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 64. Python Developer

**Job ID:** JOB1064

**Job Category:** Software Engineering

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API, SQL

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Pune, Maharashtra

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 8

**Application Deadline:** 2026-12-16

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 65. Angular Developer

**Job ID:** JOB1065

**Job Category:** Frontend Development

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** We are looking for a motivated Angular Developer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Mumbai, Maharashtra

**Job Type:** Freelance

**Work Mode:** Hybrid

**Number of Vacancies:** 1

**Application Deadline:** 2026-12-17

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 66. API Developer

**Job ID:** JOB1066

**Job Category:** Backend Development

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** Join our engineering team as a API Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■8 - ■12 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 2

**Application Deadline:** 2026-12-18

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 67. MEAN Stack Developer - Fresher

**Job ID:** JOB1067

**Job Category:** Full Stack Development

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** We are hiring a MEAN Stack Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■10 - ■15 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 3

**Application Deadline:** 2026-12-19

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 68. AI Engineer

**Job ID:** JOB1068

**Job Category:** Data Science & AI

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:**

- Analyze datasets and identify patterns
- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:**

- Strong Python fundamentals
- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL, TensorFlow

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Gurugram, Haryana

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 4

**Application Deadline:** 2026-12-20

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 69. AWS Engineer

**Job ID:** JOB1069

**Job Category:** DevOps & Cloud

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** We are looking for a motivated AWS Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 5

**Application Deadline:** 2026-12-21

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 70. Flutter Developer

**Job ID:** JOB1070

**Job Category:** Mobile App Development

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** Join our engineering team as a Flutter Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Madurai, Tamil Nadu

**Job Type:** Freelance

**Work Mode:** On-site

**Number of Vacancies:** 6

**Application Deadline:** 2026-12-22

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 71. UX Designer

**Job ID:** JOB1071

**Job Category:** UI/UX Design

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** We are hiring a UX Designer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 7

**Application Deadline:** 2026-12-23

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 72. Automation Test Engineer

**Job ID:** JOB1072

**Job Category:** Quality Assurance & Testing

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter, Java

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■3 - ■5 LPA

**Location:** Delhi, India

**Job Type:** Part-time

**Work Mode:** Remote

**Number of Vacancies:** 8

**Application Deadline:** 2026-12-24

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 73. Software Developer - Fresher

**Job ID:** JOB1073

**Job Category:** Software Engineering

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** We are looking for a motivated Software Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■4 - ■7 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 1

**Application Deadline:** 2026-12-25

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 74. UI Developer

**Job ID:** JOB1074

**Job Category:** Frontend Development

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** Join our engineering team as a UI Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Jaipur, Rajasthan

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 2

**Application Deadline:** 2026-12-26

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 75. Java Backend Engineer

**Job ID:** JOB1075

**Job Category:** Backend Development

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** We are hiring a Java Backend Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Remote - India

**Job Type:** Freelance

**Work Mode:** Remote

**Number of Vacancies:** 3

**Application Deadline:** 2026-12-27

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 76. Full Stack Engineer

**Job ID:** JOB1076

**Job Category:** Full Stack Development

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript, REST API

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 4

**Application Deadline:** 2026-10-14

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 77. Data Analyst

**Job ID:** JOB1077

**Job Category:** Data Science & AI

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** We are looking for a motivated Data Analyst to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Part-time

**Work Mode:** Hybrid

**Number of Vacancies:** 5

**Application Deadline:** 2026-10-15

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 78. Azure Cloud Engineer

**Job ID:** JOB1078

**Job Category:** DevOps & Cloud

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** Join our engineering team as a Azure Cloud Engineer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■12 - ■18 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 6

**Application Deadline:** 2026-10-16

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 79. React Native Developer - Fresher

**Job ID:** JOB1079

**Job Category:** Mobile App Development

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** We are hiring a React Native Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Pune, Maharashtra

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 7

**Application Deadline:** 2026-10-17

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 80. Visual Designer

**Job ID:** JOB1080

**Job Category:** UI/UX Design

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems, Adobe XD

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Mumbai, Maharashtra

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 8

**Application Deadline:** 2026-10-18

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 81. QA Analyst

**Job ID:** JOB1081

**Job Category:** Quality Assurance & Testing

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** We are looking for a motivated QA Analyst to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 1

**Application Deadline:** 2026-10-19

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 82. Backend Engineer

**Job ID:** JOB1082

**Job Category:** Software Engineering

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** Join our engineering team as a Backend Engineer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Part-time

**Work Mode:** On-site

**Number of Vacancies:** 2

**Application Deadline:** 2026-10-20

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 83. Web Developer

**Job ID:** JOB1083

**Job Category:** Frontend Development

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** We are hiring a Web Developer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Gurugram, Haryana

**Job Type:** Contract

**Work Mode:** Hybrid

**Number of Vacancies:** 3

**Application Deadline:** 2026-10-21

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 84. Python Backend Engineer

**Job ID:** JOB1084

**Job Category:** Backend Development

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API, MongoDB

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■5 - ■8 LPA

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 4

**Application Deadline:** 2026-10-22

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 85. Web Application Developer - Fresher

**Job ID:** JOB1085

**Job Category:** Full Stack Development

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** We are looking for a motivated Web Application Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■6 - ■10 LPA

**Location:** Madurai, Tamil Nadu

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 5

**Application Deadline:** 2026-10-23

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 86. Generative AI Engineer

**Job ID:** JOB1086

**Job Category:** Data Science & AI

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** Join our engineering team as a Generative AI Engineer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:**

- Analyze datasets and identify patterns
- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:**

- Strong Python fundamentals
- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ₹8 - ₹12 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 6

**Application Deadline:** 2026-10-24

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 87. Site Reliability Engineer

**Job ID:** JOB1087

**Job Category:** DevOps & Cloud

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** We are hiring a Site Reliability Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Delhi, India

**Job Type:** Part-time

**Work Mode:** Remote

**Number of Vacancies:** 7

**Application Deadline:** 2026-10-25

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 88. Mobile App Developer

**Job ID:** JOB1088

**Job Category:** Mobile App Development

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native, Firebase

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Contract

**Work Mode:** On-site

**Number of Vacancies:** 8

**Application Deadline:** 2026-10-26

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 89. Interaction Designer

**Job ID:** JOB1089

**Job Category:** UI/UX Design

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** We are looking for a motivated Interaction Designer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Jaipur, Rajasthan

**Job Type:** Internship

**Work Mode:** Hybrid

**Number of Vacancies:** 1

**Application Deadline:** 2026-10-27

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 90. SDET

**Job ID:** JOB1090

**Job Category:** Quality Assurance & Testing

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** Join our engineering team as a SDET and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Remote - India

**Job Type:** Freelance

**Work Mode:** Remote

**Number of Vacancies:** 2

**Application Deadline:** 2026-10-28

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 91. Software Engineer - Fresher

**Job ID:** JOB1091

**Job Category:** Software Engineering

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** We are hiring a Software Engineer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 3

**Application Deadline:** 2026-10-29

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 92. Frontend Developer

**Job ID:** JOB1092

**Job Category:** Frontend Development

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript, Git

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 4

**Application Deadline:** 2026-10-30

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 93. Backend Developer

**Job ID:** JOB1093

**Job Category:** Backend Development

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** We are looking for a motivated Backend Developer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 5

**Application Deadline:** 2026-10-31

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 94. Full Stack Developer

**Job ID:** JOB1094

**Job Category:** Full Stack Development

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** Join our engineering team as a Full Stack Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Pune, Maharashtra

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-01

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 95. Data Scientist

**Job ID:** JOB1095

**Job Category:** Data Science & AI

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** We are hiring a Data Scientist to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:**

- Analyze datasets and identify patterns
- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:**

- Strong Python fundamentals
- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ₹6 - ₹10 LPA

**Location:** Mumbai, Maharashtra

**Job Type:** Freelance

**Work Mode:** Hybrid

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-02

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 96. DevOps Engineer

**Job ID:** JOB1096

**Job Category:** DevOps & Cloud

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD, Terraform

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■8 - ■12 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-03

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 97. Android Developer - Fresher

**Job ID:** JOB1097

**Job Category:** Mobile App Development

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** We are looking for a motivated Android Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■10 - ■15 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 1

**Application Deadline:** 2026-11-04

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 98. UI/UX Designer

**Job ID:** JOB1098

**Job Category:** UI/UX Design

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** Join our engineering team as a UI/UX Designer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Gurugram, Haryana

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 2

**Application Deadline:** 2026-11-05

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 99. QA Engineer

**Job ID:** JOB1099

**Job Category:** Quality Assurance & Testing

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** We are hiring a QA Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-06

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 100. Java Developer

**Job ID:** JOB1100

**Job Category:** Software Engineering

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API, SQL

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Madurai, Tamil Nadu

**Job Type:** Freelance

**Work Mode:** On-site

**Number of Vacancies:** 4

**Application Deadline:** 2026-11-07

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 101. React Developer

**Job ID:** JOB1101

**Job Category:** Frontend Development

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** We are looking for a motivated React Developer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 5

**Application Deadline:** 2026-11-08

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 102. Node.js Developer

**Job ID:** JOB1102

**Job Category:** Backend Development

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** Join our engineering team as a Node.js Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■3 - ■5 LPA

**Location:** Delhi, India

**Job Type:** Part-time

**Work Mode:** Remote

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-09

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 103. MERN Stack Developer - Fresher

**Job ID:** JOB1103

**Job Category:** Full Stack Development

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** We are hiring a MERN Stack Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■4 - ■7 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-10

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 104. Machine Learning Engineer

**Job ID:** JOB1104

**Job Category:** Data Science & AI

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL, TensorFlow

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Jaipur, Rajasthan

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-11

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 105. Cloud Engineer

**Job ID:** JOB1105

**Job Category:** DevOps & Cloud

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** We are looking for a motivated Cloud Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Remote - India

**Job Type:** Freelance

**Work Mode:** Remote

**Number of Vacancies:** 1

**Application Deadline:** 2026-11-12

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 106. iOS Developer

**Job ID:** JOB1106

**Job Category:** Mobile App Development

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** Join our engineering team as a iOS Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 2

**Application Deadline:** 2026-11-13

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 107. Product Designer

**Job ID:** JOB1107

**Job Category:** UI/UX Design

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** We are hiring a Product Designer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Part-time

**Work Mode:** Hybrid

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-14

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 108. Software Tester

**Job ID:** JOB1108

**Job Category:** Quality Assurance & Testing

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter, Java

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■12 - ■18 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 4

**Application Deadline:** 2026-11-15

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 109. Python Developer - Fresher

**Job ID:** JOB1109

**Job Category:** Software Engineering

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** We are looking for a motivated Python Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Pune, Maharashtra

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 5

**Application Deadline:** 2026-11-16

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 110. Angular Developer

**Job ID:** JOB1110

**Job Category:** Frontend Development

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** Join our engineering team as a Angular Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Mumbai, Maharashtra

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-17

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 111. API Developer

**Job ID:** JOB1111

**Job Category:** Backend Development

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** We are hiring a API Developer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-18

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 112. MEAN Stack Developer

**Job ID:** JOB1112

**Job Category:** Full Stack Development

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript, REST API

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Part-time

**Work Mode:** On-site

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-19

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 113. AI Engineer

**Job ID:** JOB1113

**Job Category:** Data Science & AI

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** We are looking for a motivated AI Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Gurugram, Haryana

**Job Type:** Contract

**Work Mode:** Hybrid

**Number of Vacancies:** 1

**Application Deadline:** 2026-11-20

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 114. AWS Engineer

**Job ID:** JOB1114

**Job Category:** DevOps & Cloud

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** Join our engineering team as a AWS Engineer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■5 - ■8 LPA

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 2

**Application Deadline:** 2026-11-21

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 115. Flutter Developer - Fresher

**Job ID:** JOB1115

**Job Category:** Mobile App Development

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** We are hiring a Flutter Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■6 - ■10 LPA

**Location:** Madurai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-22

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 116. UX Designer

**Job ID:** JOB1116

**Job Category:** UI/UX Design

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems, Adobe XD

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 4

**Application Deadline:** 2026-11-23

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 117. Automation Test Engineer

**Job ID:** JOB1117

**Job Category:** Quality Assurance & Testing

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** We are looking for a motivated Automation Test Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Delhi, India

**Job Type:** Part-time

**Work Mode:** Remote

**Number of Vacancies:** 5

**Application Deadline:** 2026-11-24

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

# 118. Software Developer

**Job ID:** JOB1118

**Job Category:** Software Engineering

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** Join our engineering team as a Software Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:**

- Design and develop software applications
- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:**

- Strong programming fundamentals
- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Contract

**Work Mode:** On-site

**Number of Vacancies:** 6

**Application Deadline:** 2026-11-25

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 119. UI Developer

**Job ID:** JOB1119

**Job Category:** Frontend Development

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** We are hiring a UI Developer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Jaipur, Rajasthan

**Job Type:** Internship

**Work Mode:** Hybrid

**Number of Vacancies:** 7

**Application Deadline:** 2026-11-26

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

# 120. Java Backend Engineer

**Job ID:** JOB1120

**Job Category:** Backend Development

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:**

- Develop RESTful APIs and backend services
- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:**

- Understanding of server-side development
- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java, REST API, MongoDB

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Remote - India

**Job Type:** Freelance

**Work Mode:** Remote

**Number of Vacancies:** 8

**Application Deadline:** 2026-11-27

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 121. Full Stack Engineer - Fresher

**Job ID:** JOB1121

**Job Category:** Full Stack Development

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** We are looking for a motivated Full Stack Engineer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 1

**Application Deadline:** 2026-11-28

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 122. Data Analyst

**Job ID:** JOB1122

**Job Category:** Data Science & AI

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** Join our engineering team as a Data Analyst and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 2

**Application Deadline:** 2026-11-29

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

# 123. Azure Cloud Engineer

**Job ID:** JOB1123

**Job Category:** DevOps & Cloud

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** We are hiring a Azure Cloud Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

- Key Responsibilities:**
- Maintain CI/CD pipelines
  - Deploy applications to cloud environments
  - Monitor infrastructure and services
  - Automate deployment and operational tasks

- Candidate Requirements:**
- Linux fundamentals
  - Cloud platform knowledge
  - Networking basics
  - Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** █4 - █7 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 3

**Application Deadline:** 2026-11-30

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 124. React Native Developer

**Job ID:** JOB1124

**Job Category:** Mobile App Development

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin, React Native, Firebase

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Pune, Maharashtra

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 4

**Application Deadline:** 2026-12-01

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 125. Visual Designer

**Job ID:** JOB1125

**Job Category:** UI/UX Design

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** We are looking for a motivated Visual Designer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Mumbai, Maharashtra

**Job Type:** Freelance

**Work Mode:** Hybrid

**Number of Vacancies:** 5

**Application Deadline:** 2026-12-02

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 126. QA Analyst

**Job ID:** JOB1126

**Job Category:** Quality Assurance & Testing

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** Join our engineering team as a QA Analyst and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■8 - ■12 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 6

**Application Deadline:** 2026-12-03

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 127. Backend Engineer - Fresher

**Job ID:** JOB1127

**Job Category:** Software Engineering

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** We are hiring a Backend Engineer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■10 - ■15 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 7

**Application Deadline:** 2026-12-04

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 128. Web Developer

**Job ID:** JOB1128

**Job Category:** Frontend Development

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript, React.js, TypeScript, Git

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■12 - ■18 LPA

**Location:** Gurugram, Haryana

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 8

**Application Deadline:** 2026-12-05

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 129. Python Backend Engineer

**Job ID:** JOB1129

**Job Category:** Backend Development

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** We are looking for a motivated Python Backend Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 1

**Application Deadline:** 2026-12-06

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

## 130. Web Application Developer

**Job ID:** JOB1130

**Job Category:** Full Stack Development

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>

**Description:** Join our engineering team as a Web Application Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Madurai, Tamil Nadu

**Job Type:** Freelance

**Work Mode:** On-site

**Number of Vacancies:** 2

**Application Deadline:** 2026-12-07

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

# 131. Generative AI Engineer

**Job ID:** JOB1131

**Job Category:** Data Science & AI

**Company:** BrightStack Technologies

**Company Logo URL:** <https://example.com/logos/brightstack.png>

**Description:** We are hiring a Generative AI Engineer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:**

- Analyze datasets and identify patterns
- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:**

- Strong Python fundamentals
- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Trichy, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 3

**Application Deadline:** 2026-12-08

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 132. Site Reliability Engineer

**Job ID:** JOB1132

**Job Category:** DevOps & Cloud

**Company:** DigitalCore Systems

**Company Logo URL:** <https://example.com/logos/digitalcore.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes, Linux, CI/CD, Terraform

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■3 - ■5 LPA

**Location:** Delhi, India

**Job Type:** Part-time

**Work Mode:** Remote

**Number of Vacancies:** 4

**Application Deadline:** 2026-12-09

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 133. Mobile App Developer - Fresher

**Job ID:** JOB1133

**Job Category:** Mobile App Development

**Company:** SmartEdge Technologies

**Company Logo URL:** <https://example.com/logos/smartedge.png>

**Description:** We are looking for a motivated Mobile App Developer - Fresher to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■4 - ■7 LPA

**Location:** Ahmedabad, Gujarat

**Job Type:** Internship

**Work Mode:** On-site

**Number of Vacancies:** 5

**Application Deadline:** 2026-12-10

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 134. Interaction Designer

**Job ID:** JOB1134

**Job Category:** UI/UX Design

**Company:** FusionWorks India

**Company Logo URL:** <https://example.com/logos/fusionworks.png>

**Description:** Join our engineering team as a Interaction Designer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■5 - ■8 LPA

**Location:** Jaipur, Rajasthan

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 6

**Application Deadline:** 2026-12-11

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 135. SDET

**Job ID:** JOB1135

**Job Category:** Quality Assurance & Testing

**Company:** QuantumSoft Labs

**Company Logo URL:** <https://example.com/logos/quantumsoft.png>

**Description:** We are hiring a SDET to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■6 - ■10 LPA

**Location:** Remote - India

**Job Type:** Freelance

**Work Mode:** Remote

**Number of Vacancies:** 7

**Application Deadline:** 2026-12-12

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 136. Software Engineer

**Job ID:** JOB1136

**Job Category:** Software Engineering

**Company:** TechNova Solutions

**Company Logo URL:** <https://example.com/logos/technova.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Design and develop software applications

- Write clean and maintainable code
- Debug and resolve technical issues
- Collaborate with cross-functional teams

**Candidate Requirements:** • Strong programming fundamentals

- Good problem-solving skills
- Knowledge of version control
- Ability to work in a team

**Required Skills:** Java, Python, C++, Git, REST API, SQL

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■8 - ■12 LPA

**Location:** Chennai, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 8

**Application Deadline:** 2026-12-13

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 137. Frontend Developer

**Job ID:** JOB1137

**Job Category:** Frontend Development

**Company:** CloudBridge Technologies

**Company Logo URL:** <https://example.com/logos/cloudbridge.png>

**Description:** We are looking for a motivated Frontend Developer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Build responsive user interfaces

- Develop reusable UI components
- Optimize application performance
- Collaborate with designers and backend developers

**Candidate Requirements:** • Good understanding of web standards

- Responsive design knowledge
- JavaScript fundamentals
- Attention to UI details

**Required Skills:** HTML, CSS, JavaScript

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■10 - ■15 LPA

**Location:** Bengaluru, Karnataka

**Job Type:** Part-time

**Work Mode:** Hybrid

**Number of Vacancies:** 1

**Application Deadline:** 2026-12-14

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Paid Leave, Learning Budget

# 138. Backend Developer

**Job ID:** JOB1138

**Job Category:** Backend Development

**Company:** NextGen Digital

**Company Logo URL:** <https://example.com/logos/nextgen.png>

**Description:** Join our engineering team as a Backend Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Develop RESTful APIs and backend services

- Design database interactions
- Implement authentication and authorization
- Monitor and improve API performance

**Candidate Requirements:** • Understanding of server-side development

- Database knowledge
- API development experience
- Problem-solving skills

**Required Skills:** Node.js, Express.js, Python, Java

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** █12 - █18 LPA

**Location:** Hyderabad, Telangana

**Job Type:** Contract

**Work Mode:** Remote

**Number of Vacancies:** 2

**Application Deadline:** 2026-12-15

**Job Status:** Active

**Perks & Benefits:** Work From Home, Flexible Hours, Performance Bonus

## 139. Full Stack Developer - Fresher

**Job ID:** JOB1139

**Job Category:** Full Stack Development

**Company:** CodeCraft Labs

**Company Logo URL:** <https://example.com/logos/codecraft.png>

**Description:** We are hiring a Full Stack Developer - Fresher to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Develop frontend and backend features

- Integrate APIs and databases
- Write reusable and testable code
- Participate in code reviews

**Candidate Requirements:** • Understanding of frontend and backend development

- Database fundamentals
- REST API knowledge
- Good debugging skills

**Required Skills:** React.js, Node.js, Express.js, MongoDB, JavaScript

**Experience Level:** Fresher

**Education Requirement:** Any Degree

**Salary Display:** ■20,000 - ■35,000/month

**Location:** Pune, Maharashtra

**Job Type:** Full-time

**Work Mode:** On-site

**Number of Vacancies:** 3

**Application Deadline:** 2026-12-16

**Job Status:** Active

**Perks & Benefits:** Medical Insurance, Provident Fund, Annual Bonus

## 140. Data Scientist

**Job ID:** JOB1140

**Job Category:** Data Science & AI

**Company:** InnoSoft Systems

**Company Logo URL:** <https://example.com/logos/innosoft.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Analyze datasets and identify patterns

- Build and evaluate machine learning models
- Prepare data pipelines
- Communicate insights to stakeholders

**Candidate Requirements:** • Strong Python fundamentals

- Basic statistics knowledge
- Understanding of data analysis
- Analytical thinking

**Required Skills:** Python, Machine Learning, Pandas, NumPy, SQL, TensorFlow

**Experience Level:** Entry Level

**Education Requirement:** B.E./B.Tech

**Salary Display:** ■30,000 - ■50,000/month

**Location:** Mumbai, Maharashtra

**Job Type:** Full-time

**Work Mode:** Hybrid

**Number of Vacancies:** 4

**Application Deadline:** 2026-12-17

**Job Status:** Active

**Perks & Benefits:** Flexible Working Hours, Training Programs, Team Outings

## 141. DevOps Engineer

**Job ID:** JOB1141

**Job Category:** DevOps & Cloud

**Company:** DataSphere Analytics

**Company Logo URL:** <https://example.com/logos/datasphere.png>

**Description:** We are looking for a motivated DevOps Engineer to join our technology team and build reliable, scalable solutions for our customers.

**Key Responsibilities:** • Maintain CI/CD pipelines

- Deploy applications to cloud environments
- Monitor infrastructure and services
- Automate deployment and operational tasks

**Candidate Requirements:** • Linux fundamentals

- Cloud platform knowledge
- Networking basics
- Automation mindset

**Required Skills:** AWS, Docker, Kubernetes

**Experience Level:** 1-2 Years

**Education Requirement:** B.Sc./BCA

**Salary Display:** ■2.5 - ■4 LPA

**Location:** Coimbatore, Tamil Nadu

**Job Type:** Full-time

**Work Mode:** Remote

**Number of Vacancies:** 5

**Application Deadline:** 2026-12-18

**Job Status:** Active

**Perks & Benefits:** Health Insurance, Internet Allowance, Paid Time Off

## 142. Android Developer

**Job ID:** JOB1142

**Job Category:** Mobile App Development

**Company:** PixelWave Technologies

**Company Logo URL:** <https://example.com/logos/pixelwave.png>

**Description:** Join our engineering team as a Android Developer and work on modern products while collaborating with developers, designers, and business teams.

**Key Responsibilities:** • Build and maintain mobile applications

- Integrate APIs and third-party services
- Optimize application performance
- Test applications across devices

**Candidate Requirements:** • Mobile development fundamentals

- API integration knowledge
- UI implementation skills
- Debugging skills

**Required Skills:** Flutter, Dart, Android, Kotlin

**Experience Level:** 2-3 Years

**Education Requirement:** M.E./M.Tech

**Salary Display:** ■3 - ■5 LPA

**Location:** Noida, Uttar Pradesh

**Job Type:** Part-time

**Work Mode:** On-site

**Number of Vacancies:** 6

**Application Deadline:** 2026-12-19

**Job Status:** Active

**Perks & Benefits:** Certification Support, Mentorship, Career Growth

## 143. UI/UX Designer

**Job ID:** JOB1143

**Job Category:** UI/UX Design

**Company:** BlueOrbit Solutions

**Company Logo URL:** <https://example.com/logos/blueorbit.png>

**Description:** We are hiring a UI/UX Designer to develop high-quality applications, improve existing systems, and contribute to new product initiatives.

**Key Responsibilities:** • Create wireframes and prototypes

- Conduct user research
- Design intuitive interfaces
- Maintain consistent design systems

**Candidate Requirements:** • Strong visual design sense

- Portfolio of design work
- Proficiency in design tools
- Understanding of usability principles

**Required Skills:** Figma, Wireframing, Prototyping, User Research, Design Systems

**Experience Level:** 3-5 Years

**Education Requirement:** MCA

**Salary Display:** ■4 - ■7 LPA

**Location:** Gurugram, Haryana

**Job Type:** Contract

**Work Mode:** Hybrid

**Number of Vacancies:** 7

**Application Deadline:** 2026-12-20

**Job Status:** Active

**Perks & Benefits:** Meal Allowance, Transport Support, Paid Leave

## 144. QA Engineer

**Job ID:** JOB1144

**Job Category:** Quality Assurance & Testing

**Company:** ApexByte Technologies

**Company Logo URL:** <https://example.com/logos/apexbyte.png>

**Description:** The selected candidate will work on real-world projects, follow engineering best practices, and help deliver secure and maintainable software.

**Key Responsibilities:** • Create and execute test cases

- Perform functional and regression testing
- Automate repetitive test scenarios
- Report and track software defects

**Candidate Requirements:** • Software testing fundamentals

- Attention to detail
- Bug reporting skills
- Basic automation knowledge

**Required Skills:** Selenium, Cypress, Postman, API Testing, JMeter, Java

**Experience Level:** 5+ Years

**Education Requirement:** Bachelor's Degree

**Salary Display:** ■5 - ■8 LPA

**Location:** Kochi, Kerala

**Job Type:** Internship

**Work Mode:** Remote

**Number of Vacancies:** 8

**Application Deadline:** 2026-12-21

**Job Status:** Active

**Perks & Benefits:** ESOPs, Health Insurance, Flexible Work Schedule

## 145. Java Developer - Fresher

**Job ID:** JOB1145

**Job Category:** Software Engineering

**Company:** Vertex Innovations

**Company Logo URL:** <https://example.com/logos/vertex.png>
